

## **Museum of History Summer Camp**

Join the El Paso Museum of History for “Exploring your History!” Campers will discover their history through hands-on explorations of El Paso’s rich history bringing stories to life. Campers will travel throughout our hands-on exhibitions through looking, touching, listening and play, while they’re, sitting astride a saddle pretending to rustle up cattle, being a train engineer, or exploring artifacts. Topics covered could include: Living on the border as a child, cowboys and cattle ranching, digital photography, invention. All sessions include history, science, story-telling and arts and crafts.

Camp sessions offered in the morning and afternoon starting in June. Camp sessions are designed for students 5-8 and 9-12. Costs are \$55 for members and \$70 for non-members.
